📅 09/2014 - 09/2016

## SUMMARY

As a Full Stack Developer with 2 years of experience, I specialise in using PHP, ReactJS, React Native, and databases like MySQL and MongoDB to build scalable and reliable web applications. Throughout my career, I have been involved in designing, developing, and deploying complex applications, managing database systems, and creating RESTful APIs. I am passionate about technology and keep myself updated with the latest trends and frameworks in the industry.

## SKILLS
